71. Truchard Vineyards — Napa, California

“In the cool Carneros region of Napa, this family-run operation is more than just outstanding pinot noir and subtle, minerally chardonnay. Tony and Jo Ann Truchard bought the vineyard in the early 1970s and were pioneers in Carneros. Tony's willingness to experiment with grapes and try new things led the Truchards to grow and make a fat, viscous, fruity roussanne, a balanced, fruity cabernet, and a spicy syrah. After 40 years and fantastic success, Tony still experiments with matching the land to the grapes looking for the next amazing wine.” — [Elizabeth Schneider](#)
